*W*

*MDNR in-ground probes, actual temperature data, not surface*

*— workplans*

## West Lake Tag Up Agenda 4/7/15

- I. West Lake Update
  - Next issue: Summary report for H<sub>2</sub>S, SO<sub>2</sub>, and CO; announce CAG meeting. Draft text sent to WL leadership team for review, then will go to CW for review, then to layout.
  - Received input from Superfund. Nothing from Lynn or Alyse (repeated requests). Go to layout?
- II. CAG
  - Next meeting April 13. EPA will attend.
  - EPA has received CAG questions. Brad Vann and Ben Washburn complete first draft. Routing through SUPR review right now.
  - Travel team: Ben Washburn, Curtis Carey, Brad Vann, Jeff Field. ATSDR will also attend.
- III. FOIA status
  - EPA-R7-2015-002255 – Veronique LaCapra. USGS Groundwater Review Report, including all communication. Some USGS docs will be delayed because USGS is still completing their review – Alyse and Dave are completing their review of the first batch of documents and we hope to produce that this week. The second and final(?) batch is being reviewed by Alyse now.
  - EPA-R7-2015-004739 – Veronique LaCapra – The 80 gigs of air monitoring data. Due 3/31. Ben & Emily will contact Veronique today; she has not responded to Ben's previous inquiry because she's been out of the office.
- IV. Other topics
  - West Lake Landfill FAQ: Draft submitted to Lynn for review. Lynn not able to meet last week to discuss. Meeting today at 2:00.

EPA- Right

Factsheet - PRP, Agency roles.
